### Budget Raised For Model U.N.

Approval of a Model United Nations budget to exceed \$10,000 was granted Tuesday.

Allocation of the money, one of the largest amounts ever given for an ASSFSC activity, was made at the joint meeting of the Board of Directors and Board of Control.

Prior to approval of the budget, discussion pertaining to the necessity for granting such a large amount of money arose.

#### COMMITTEE TO DECIDE

Bob Cannon, member of the Model U. N. Commission, pointed out that \$4000 alone was being used for two days' rental of the Opera House.

ASSFSC Treasurer LeVell Holmes moved that the budget as approved by the Model U. N. Commission be passed by the joint boards with the stipulation that a committee be set up to meet daily with the members of the Model U. N. to decide on any future expenditures which would exceed \$50. The motion was accepted.

### Husain Speaks to Students, Faculty

Mr. Syed Itaat Husain, Consul General of Pakistan at San Francisco, spoke before an assembled group of students and faculty members in Science 201, April 19.

Dr. Thomas Lantos, Social Science instructor, stated that Mr. Husain's talk was that Communism not Colonialism is the major threat to the free peoples of Asia.

"The mere desire for peace," Mr. Husain said, "must be backed up by military strength if we are interested in averting war. While some recognize only that a political vacuum invites aggression, we feel that a military vacuum presents an equally powerful invitation to disaster."

Mr. Husain discussed at length the "considerable economic progress" made by Pakistan since its independence. He also emphasized the important part women are playing in the political and social life of the country.

### HELP NEEDED IN CAFE FOR MODEL U. N. WEEK

On May 5th the College Union Dining Hall will be serving over 200 meals to the Model United Nations delegates. In order to serve adequately this large group, every dish, spoon, and tray must be used.

There is a serious shortage of dishes, silverware, and trays in the dining hall. It is possible that many of these items are about campus, somewhere!

If you find a dish, a spoon, or a tray, please bring it to the College Union Dining Hall, immediately.

Model U. N. was the granting of \$250 by the Board of Control for publication of the Golden Gater each day during the three days of the conference.

A letter was received by the board from Model U. N. Conference Director Chan Meloy, stating that "Because of the high cost of the Opera House, the Fifth Model United Nations Commission decided to charge admission to General Assembly sessions and through this method equate the cost of the rental."

#### ADMISSION CHARGED

"There are," Meloy continued, "five sessions at the Opera House and four at San Francisco State college (where the International Court of Justice will meet.) Tickets are \$1 general admission, 50 cents student admission, \$10 per box, and \$1.50 per grand tier seat. (All these prices are per session.)"

Tickets are available in the Activities Room of the Administration Building, from any of the Model U. N. Conference directors at Hut B-2, and at the Crane Box Office.

#### MAHAN PETITION

A petition on behalf of Mike Mahan was received by the Board of Directors.

Student supporters of Mahan, who was refused permission to run for yell leader because he could not meet the 1.0 grade requirement, requested in the petition that the board ruling be rescinded in Mahan's case.

Bob Horn pointed out that the Board of Directors had done everything possible, "bending over backwards," to help Mike run.

The board made a special ruling last week that if Mahan could get the Dean's Committee to approve the removal of the "F's" from his record, thus raising his grade point to above the 1.0 requirement, the BOD

### CLASSES CANCELED AT NOON MAY 5

Because of the Model U. N. Conference, classes on Thursday, May 5, will be called off at noon, including late afternoon and night classes.

The cafeteria will be closed after 10:30. Friday classes will be held as usual.

"Arena Three '55," a program of three one-act plays, will be presented by the Drama Department and the Player's Club tonight and tomorrow at 8:30 p. m., in the college's new Arena Theatre at 19th and Holloway avenues.

Directed by graduate students of drama, the plays will be staged in "theatre-in-the-round," centrally mounted with the audience seated on all sides of the play's action.

The Arena Theatre is an unique campus theatre in that it is devoted entirely to staging plays in the 'round.

The workshop plays will include "Riders to the Sea," by John M. Synge; "A Kiss in the Dark," by John Baldwin Buckstone; and "The Warrior's Husband," by Julian Thompson.

### Petitions for Editorial Posts Available May 9

Editor and managing editor serve for one year. Other editors serve for one semester.

### British Consul General Lectures Here Tuesday

British Consul General at San Francisco, John Ford, will speak at SFSC May 3, at 9:30 a. m. in Science 201.

In the fourth in a series of lectures sponsored by the Economics Club, Mr. Ford will lecture on the topic "Britain and the Far East."

Dr. Thomas Lantos, Economics instructor, stated that Mr. Ford is one of the most brilliant young foreign service officers of Her Majesty's government and as a former champion debater at Oxford should prove to be a most stimulating speaker.

Prior to his appointment as British Consul General, Mr. Ford served as private secretary to the Permanent Under-Secretary of England.

During the war Mr. Ford

served with the British Liberation Army in France and in the Far East.

Concerning Mr. Ford's appearance at this college, Dr. Lantos stated, "It is important to know the views of one of our principal allies concerning the Far East. One of the basic strengths of a free alliance stems from the open discussion of diverse views on critical issues."

"When the chips are down, Britain will unquestionably stand with us as a free ally, however, she is interested in expressing her views as to how and where that stand should be taken."

Following Mr. Ford's talk there will be a question period.

### Hendryx Named Publicity Director For Model U. N.

Bernice Hendryx has been appointed acting public relations director for the Model United Nations, which will be hosted by S. F. State May 4, 5, and 6.

For the last month Mrs. Hendryx has been acting in this position, formerly held by John P. Maxwell. Maxwell resigned the post in February.

Mrs. Hendryx, who spent 11 years in the business field, came to S. F. State in 1952 as a limited student. During this time she worked for the Stanford Research Institute doing business research in the industrial field. Since February, 1955, she has been a full-time student.

Sue Rucker, campus co-ordinator for the Model U. N., says of Mrs. Hendryx, "Bernice deserves a great deal of praise, for she has had to work under an excess of pressure because of a limited amount of time and the responsibility of accomplishing many tasks which were not taken care of some time ago."

# San Francisco State College Symphonic Band

PHOTOGRAPHY  
BY  
art meller

Back from a very successful season at the Berkeley Music Education Conference during the first week of this month, the San Francisco State Symphonic Band will give its spring formal concert in the Main Auditorium Tuesday May 2 at 8:15 p. m.

At the conference in Berkeley the band played before hundreds of elementary and secondary school and college music teachers and a very enthusiastic opinion among these people was

that the SFSC Symphonic Band, through its fine interpretations of such works as Bach's "Toccata and Fugue in D Minor" has caused a new outlook to be taken toward school band work.

Most unusual about the Symphonic Band's May 2 concert is that most of the compositions the band will play were written for a symphonic band. And two of these works were written especially for the S. F. State ensemble, "Pavlovian" by William Ward, S. F. State music instructor

and "Symphony No. 1 for Band" First Movement by Dale Austin, State music student. Other works the band will play are Handel's "Water Music Suite" Allegro, Adagio and Finale, and Klafman's "America the Glorious." Among the transcriptions the band will perform are Bernstein's "Symphony in Salsa" Milhaud's "Suite Française" and the above mentioned Band "Toccata and Fugue." Admission to the evening concert is free.—Robert M. King.

## 'Flying Classroom' Tour Planned for This Summer

This is the third in a series of articles on 1956 summer tours on which individuals may earn San Francisco State college credit.

By BILL DEURY

Is your dream for the future something similar to a tour around the world? Are you frustrated when you tell yourself it is wonderful to think of such a trip, but too great and too expensive a plan to make about it earnestly?

Your dream can become a reality, without any special

sum of special expense on your part. If you have any interest in the social, political and economic aspects of the peoples of the world and the countries in which they live, or just a desire to travel everywhere, then this tour is for you.

### FLYING CLASSROOM TOUR

Foreign Study Tours of Los Angeles are presenting an eight-week "Flying Classroom" World Tour which will give its members an opportunity to observe a variety of political, economic, as well as study the

historical background of many peoples.

The trip will be directed by Dr. Alfred Summer, Vice-Chancellor of the Division of Social Science at SFSC. Dr. Summer was the leader of the 1954 tour and thus possesses the background and knowledge to make this the ideal director of such a project.

### PAY LATER PLAN

Of importance is the fact that the trip may be financed the American way, via the usually

The only match that State came through on was Sam Lipman against Bill Ledingham, Sam winning the match, 6-3, 6-4.

The doubles matches were split with Altshuler and Lipman winning their match, 5-1, 6-0, and Richardson and Ravaglioli losing their match.

Coach Farmer commented on the matches saying: "Sam Lipman was the most consistent player as far as he won all his matches during the week."

### Golfers Meet Cal May 3

Gator golfmen will trade putts with members of the University of California squad next Tuesday at Sharp Park.

## Blackburn Wins Chess Tournament

The final winner of the Beta Pi Sigma chess tournament held recently was Dr. Robert T. Blackburn, assistant professor of Physical Science.

Runner-up to the champion, trailing him by four points, was William McLean, who will be competing for the title at the group's next meeting.

The group uses a system of ratings which handicaps each player and the championship is a transient title which goes to the highest-rated player.

The group meets each Tuesday and Thursday, from 1 to 2 p. m., in Lab. 105 of the Science Building.

### STATE NINE TO MEET CHICO IN TWIN BILL

S. F. State's horsehide squad is scheduled to see plenty of action during the next ten days, starting with a twin bill with Chico State this Saturday. The contests will be held at Chico.

The following Wednesday the Gators will travel across town to play the University of San Francisco Dons.

### HERB DOWER'S

## Golden Murals

The intramural track and field meet, originally scheduled for last week, but postponed because of a heavy California dew, has been rescheduled.

Dew permitting, the trials will be held April 26 and 27, and the finals on April 28. (I say this with fingers crossed.) The events are still rescheduled for the same time, between 12 and 2, so if you get a chance drop in and see these well-conditioned athletes in action.

April 25 was the scheduled starting date for team competition in horseshoes. The tourney boasts five teams: Delta Phi Gamma, East Bay A. C., Sigma Pi Sigma, Kappa Omega, and Alpha Zeta Sigma. The tourney will continue through May 3. Fourteen singles and five doubles teams are also

ready to begin competition.

**Passing Shots:** Bob North was the first player to reach the semifinals in the badminton tourney. Eight teams have signed up in the softball tourney plus a number of individual signers who may form a ninth team.

## Glancy Fires Hole-in-One; First at State

John Glancy became the first golfer in San Francisco State history to score a hole-in-one, but his ace was not enough to carry the Gators to victory over Santa Clara. The Broncos downed the Gators 15½-5½ at Pasatiempo April 19.

Glancy, using a No. 6 iron, scored his ace on the par three 180-yard 18th hole.

George Starm captured medalist honors for the Gators with a 73. Jim Flood paced the Broncos with a 76. The Bronco victory reversed an earlier 16-11 defeat at the hands of the Gators.

In other action, the Gators dropped league decisions to Chico State and Nevada but downed the Cal Aggies for the second time. They finished the round robin league schedule with a 4-4-1 record.

The Gators were shut out in the Northern California Intercollegiate at Pasatiempo last week end. Golf powers, such as Stanford, San Jose State, Modesto JC, and Seattle showed the way in the big tournament.

The Gators will meet two non-league opponents before entering competition in the Far Western Conference tournament to be held in Chico May 13-14. USF will furnish the opposition April 28, and California May 3. SFSC has defeated the Dons but lost to the Bears earlier in the season.

# Model U. N. Will Study Arms Reduction Problem

Delegates to the forthcoming Model U. N. Conference will have an opportunity to develop solutions to a problem that has baffled world diplomats for several years.

The problem, that of finding an effective way to reduce the armament of the world powers, has been the cause of continual dispute among nations.

## MUTUAL DISTRUST

Several factors prevent smooth negotiations. The most important of these is that of mutual distrust among nations.

The stronger nations are suspicious of one another. The weaker nations have a general mistrust of the larger, more powerful countries.

But notwithstanding these severe handicaps, some little progress has been made. On February 13, 1947, the Security Council of the United Nations voted to set up a Commission on Conventional Armaments.

This commission was to have jurisdiction over all armament questions except those under the cognizance of the Atomic Energy Commission.

## IMPORTANT TASK

Opening with several speeches by its members, the commission was reminded of the tremendous importance of the task ahead of it. The previous failures of arms limitation commissions in 1925-1930

and in 1932 and the disastrous consequences of these failures were cited. The commission was reminded that these previous failures should not be ignored, for there are many lessons to be learned from failure.

## NOTHING CONSTRUCTIVE

But in spite of the eloquent speeches and enthusiasm that filled the opening session, practically nothing constructive was accomplished in the ensuing years.

Proposals were introduced with regularity, but were almost without exception vetoed by the Soviet Union. So frequent were these vetoes of the U. S. S. R., that Russia was charged with refusing to cooperate in any way.

With the outbreak of hostilities in Korea, the commission, according to one member, seemed to be engaged in a discussion "more academic than before." Certainly the international atmosphere was not favorable to the regulation and reduction of armaments.

## FAR FROM SOLVED

Today the problem of arms reduction is still far from solved. Since 1947 the commission has seen proposal after

proposal rejected. And the international atmosphere still remains unfavorable to arms reduction.

Perhaps the Model U. N. may succeed where others have failed. Certainly it can do no worse. And with San Francisco State college taking the part of the Russian delegation, the discussions should prove most interesting.

### THE GIFT HORSE

Many of our friends will soon be graduating. What kind of gifts should we give them?

Here is no simple question. It is never simple to find gifts for people who have everything, and college students, as everyone knows, are the most richly endowed of mortals. They've got beauty and truth. They've got rhythm. They've got stout hearts, willing hands, and a clear vision that dispels the miasmas of the future as the morning sun sears away the last wisps of a cool night's fog. They've got heaps and heaps of money, as who would not who has been receiving such a huge allowance over four years of schooling?

What can we give them that they don't already have?

One infallible gift for the person who has everything is, of course, a stethoscope. New models, featuring sequined earpieces and power steering, are now on display at your local surgical supply house. Accompanying each stethoscope is a gift card with this lovely poem:

*When you hear your heart beat,  
When you hear it pound,  
Remember me, your buddy,  
William Henry Round.*

If, by some odd chance, your name does not happen to be William Henry Round (you're laughing, but it's possible), here is another dandy suggestion for the person who has everything — a gift certificate from the American Bar Association.

These certificates, good at your local lawyer's, come in three convenient sizes: small, medium, and large. The small certificate covers title searches and writs of estoppel. The medium size covers torts, claim jumping, and violations of the Smoot-Hawley Act. The large one covers kidnapping, murder, and barratry.

If, by some odd chance, you don't know what barratry is (you're laughing, but it's possible), it is arson at sea. This interesting crime is called after Cosmo "Bubbles" Barrat, a captain in the British navy during the last century, who was addicted to burning his ships. One man o' war after another fell victim to his incendiary bent. The Admiralty kept getting crosser and crosser, but every time they called in Captain Barrat for a scolding, he would roll his big blue eyes and tug his forelock and promise faithfully never to do it again. Oh, butter wouldn't melt in his mouth, that one!

So they would give him another ship, and he would soon reduce it to a scattering of charred spars. He burned more than 120,000 ships before he was finally discharged as "doubtful officer material."

After his separation from the navy, he moved to Vienna where he changed his name to Freud and invented Scrabble.

But I digress. I was listing gifts for the person who has everything, and here is another one. This gift, in fact, is not only for persons who have everything, it is also for persons who have nothing, for persons who have next to nothing, for persons who have next to everything, and for persons in between. I refer, of course, to Philip Morris cigarettes. Here is the cigarette for everybody—for everybody, that is, who likes a mild relaxing smoke of fine vintage tobacco in a handsome brown package that snaps open with the greatest of ease. For those, if such there be, who like dull, nondescript tobacco in a package that requires a burglar's kit to open, Philip Morris is definitely the wrong gift.

Among the newer gifts that warrant your attention is a revolutionary development in the enjoyment of recorded music. This is the Low-Fi Phonograph. The Low-Fi, product of years of patient research, has so little fidelity to the record you put on it that if, for example, you put *Stardust* on the turntable, *Melancholy Baby* will come out. This is an especially welcome gift for people who hate *Stardust*.

Finally there is Sigafos Shaving Cream, a brand new kind of cream that makes whiskers grow in instead of out. You just bite them off in the morning.

To Max's suggestion to give PHILIP MORRIS for graduation, the makers of PHILIP MORRIS, who bring you this column, add a hearty amen.

## Board Votes to End Semi-Weekly Gater

"Financially, we can't afford it." With this summation by Board of Control Chairman LeVeil Holmes Thursday, twice weekly publication of the Gater was suspended.

After lengthy consideration, the board voted unanimously that the paper revert to weekly publication.

### SHAKY FINANCES

It was pointed out that condition of the funds is too shaky to continue the added expense. A \$1000 per year loss was predicted should the expense continue.

The paper had completed a one-month trial period on Thursday.

Holmes appointed Gater Editor Keith Pinckney to obtain an evaluation from the Board of Publication, that recommendations may be made concerning twice weekly publishing next year.

would approve his candidacy. The Dean's Committee, however did not do so.

### LETTER OF PROTEST

Walt Warren, chairman of the Board of Publications, presented a letter to the Board of Directors, stating that the Board of Control by acting on the policy of the Golden Gater and the Franciscan was violating the "spirit and letter of authority and responsibility assigned to the Board of Publications by the By-Laws and ASSFSC Constitution."

The Board of Publication objected because the Board of Control moved to limit the publication of the Golden Gater to a weekly schedule for the remainder of the Spring, 1955, semester. The Gater had been temporarily publishing the paper twice weekly.

The Board of Directors requested of the Board of Control that in future publication matters all liaison with publications staffs be made through the Board of Publications.
